## FORWARD-LOOKING STATEMENTS

This Annual Information Form (“AIF”) contains certain statements which constitute forward-looking statements or information (“forward-looking statements”) within the meaning of applicable securities legislation, including Canadian Securities Administrators’ National Instrument 51-102 ‘Continuous Disclosure Obligations’, concerning the business, operations and financial performance and condition of Genesis. Generally, these forward-looking statements can be identified by the use of forward-looking terminology such as “plans”, “expects” or “does not expect”, “is expected”, “budget”, “scheduled”, “estimates”, “forecasts”, “intends”, “anticipates” or “does not anticipate”, or “believes”, or variations of such words and phrases or state that certain actions, events or results “may”, “could”, “would”, “might” or “will be taken”, “occur” or “be achieved”.

Forward-looking statements are based on material factors or assumptions made by us with respect to, among other things, opportunities that may or may not be pursued by us; changes in the real estate industry; fluctuations in the Canadian and Alberta economy; changes in the number of lots sold and homes delivered per year; and changes in laws or regulations or the interpretation or application of those laws and regulation.

Forward-looking statements in this Annual Information Form include, but are not limited to, statements with respect to the anticipated general economic and business conditions, the nature of development lands held and the anticipated inventory and development potential of such lands, the anticipated impact on Genesis’ development and home building activities, the commencement of construction of new building projects, Genesis’ ongoing review of its business, including cost reductions, expected closings of land sales and listing of townhouse sites, the activity levels and operations of the joint venture, the ability to close the book of homes (with lots) subject to firm sale contracts, expectations with respect to the Alberta real estate market, the Corporation’s cost reductions and operating efficiencies, progress of rezoning projects, the continuing role of GBG in the sale of Genesis lots, the marketing of non-core lands, the expected level of a new serviced lot inventory available to builders and the ability of Genesis to sell homes on a quick possession basis, Genesis’ position relative to ongoing legal proceedings and the ability to continue to renew or repay financial obligations and to meet liabilities as they become due. Although Genesis believes that the anticipated future results, performance or achievements expressed or implied by the forward-looking statements are based upon reasonable assumptions and expectations, the reader should not place undue reliance on forward-looking statements because they involve assumptions, known and unknown risks, uncertainties and other factors many of which are beyond the Corporation’s control, which may cause the actual results, performance or achievements of Genesis to differ materially from anticipated future results, performance or achievement expressed or implied by such forward-looking statements. Accordingly, Genesis cannot give any assurance that its expectations will in fact occur and cautions that actual results may differ materially from those in the forward-looking statements.

## **ANNUAL INFORMATION FORM**

### **For the Year Ended December 31, 2019**

Factors that could cause actual results to differ materially from those set forth in the forward-looking statements include, but are not limited to: the impact of contractual arrangements and incurred obligations on future operations and liquidity; local real estate conditions, including the development of properties in close proximity to Genesis' properties; the uncertainties of real estate development and acquisition activity; fluctuations in interest rates; ability to access and raise capital on favourable terms; not realizing on the anticipated benefits from transactions or not realizing on such anticipated benefits within the expected time frame; labour matters, governmental regulations, stock market volatility and other risks and factors described from time to time in the documents filed by Genesis with the securities regulators in Canada available at [www.sedar.com](http://www.sedar.com), including the Management Discussion & Analysis under the heading "Risks and Uncertainties" and this AIF under the heading "Risk Factors". Furthermore, the forward-looking statements contained in this AIF are made as of the date of this AIF and, except as required by applicable law, Genesis does not undertake any obligation to publicly update or to revise any of the forward-looking statements, whether as a result of new information, future events or otherwise.

## **CORPORATE STRUCTURE**

Genesis was incorporated as "Genesis Capital Corp." under the ABCA on December 2, 1997. The Corporation amended its Articles of Incorporation by Certificate of Amendment dated January 30, 1998, to remove the private company restrictions. ## ANNUAL INFORMATION FORM

### For the Year Ended December 31, 2019

Genesis Keystone Ltd. was incorporated on September 10, 2019 to hold title to the approximately 130 developable acres of future residential development land in north Calgary, Alberta.

Genesis Land Development (Southeast) Corp. was incorporated on November 28, 2014 to hold title to the approximately 354-acre parcel of land located in southeast Calgary, Alberta.

Genpol Inc. was incorporated on May 18, 2004 and is the general partner of Genpol Limited Partnership (the "Genpol Partnership"), which was established on August 3, 2004 to hold and develop lands located in northeast Calgary, Alberta (the "N.E. Lands"). Genesis contributed the N.E. Lands to the Genpol Partnership. The two limited partners of the Genpol Partnership, Genesis and PHT, each own 19.8% and 80.2% interest in the Genpol Partnership respectively. In 2015, a resolution was passed by all unitholders of PHT to extend its termination date to April 30, 2040. Genesis owns 20% and PHT owns 80% of all issued and outstanding common voting shares of the general partner, Genpol Inc.

Genesis Sage Meadows Partnership is a general partnership that was established on March 31, 2010 among Genesis and 1504431 Alberta Ltd to hold the Evansridge/Sage Meadows land parcel in Symons Valley, Calgary, Alberta. GSMP is 100% beneficially owned by Genesis.

GLP#4 and GLP#5 were both established in 2005 and raised a total of \$9 million to purchase from Genesis a 48.8% undivided interest in a 610-acre parcel of land known as the "North Conrich Lands", located adjacent to the eastern boundary of the City of Calgary in Rocky View County, Alberta. Genesis retained the remaining 51.2% ownership interest in the North Conrich Lands which it continues to hold. On the completion of the purchase, Genesis, Genesis Limited Partnerships #4 and GLP5 NE Calgary Development Inc. entered into a joint venture agreement creating the "North Conrich Joint Venture" to jointly develop and sell the North Conrich Lands.

GLP#8 and GLP#9 were established in 2006 and raised \$10.8 million from third-party investors, which funds were used by GLP#8 to purchase 1,140 acres of land near Radium, British Columbia. Approximately 357 acres of land were sold in 2019 and the remainder of the land continues to be held by the limited partnership.

LPLP 2007 was established on June 29, 2007 to purchase 319 acres of land adjacent to the city of Airdrie, Alberta, and 617 acres of land near the Hamlet of Delacour, Alberta. LPLP RRSP #1 and LPLP RRSP #2 were established on July 25, 2007 and January 15, 2008, respectively, to enable investors to indirectly acquire units of LPLP 2007 through their Registered Retirement Savings Plan. Combined, LPLP 2007 and LPLP RRSP #1 and #2 raised approximately \$44.0 million. Both parcels of land were sold to arms-length third-parties in December and August 2017, respectively. As consideration for the \$41.0 million sale of one of these parcels of land, LPLP 2007 received \$20.5 million in cash and a \$20.5 million three-year vendor take back secured first mortgage bearing interest at 6.5% per annum (the "VTB Mortgage"). Interest on the vendor-take-back mortgage receivable is payable annually, in arrears and the principal is fully payable in December 2020. On October 17, 2019 Genesis purchased the VTB Mortgage from LPLP 2007.

The "Kinwood Lands Joint Venture" ("Kinwood JV") was formed on April 30, 2010 among Genesis and another real estate development corporation (the "Joint Venturer") to jointly subdivide, develop and sell the subdivided lots created by the subdivision of the lands located in Calgary, Alberta. Concurrently with the parties entering into the Kinwood JV agreement on April 30, 2010, Genesis sold a portion of its ownership interest in the lands to the Joint Venturer, so that each party to the Kinwood JV agreement owned a 50% interest in the Kinwood JV. Activity and operations of the Kinwood JV are expected to be nominal in future years as the Kinwood JV is wound down and the future liability is reduced to nil.

GBG, the home building group of Genesis, was incorporated in 2005 as Reliant Homes Inc. ("Reliant"). Reliant purchased the assets of Point Grey Homes Ltd. in June 2006. Reliant was subsequently renamed Genesis Builders Group Inc. Effective May 1, 2017, GBG and its four wholly owned subsidiaries (Ashbury at Saddlestone Inc., Hutton at Bayview Inc., Newport at Canals Landing Inc. and Laurels by Genesis Inc.) were amalgamated.

Genesis also has a 5% interest in a land development limited partnership and an 8% interest in a land development joint venture, both located in Calgary.

## **GENERAL DEVELOPMENT OF THE BUSINESS**

### **Overview of Calgary Real Estate Market**

The last few years have seen continued flat to weak energy prices and limited capital investment in Alberta's oil and gas industry, and 2019 was again challenging. Alberta's GDP growth for 2019 is forecast to be 0.6% compared to 1.8% in 2018. The economic environment continued to negatively impact new home sales in the CMA for much of the year.

Nonetheless, the pace of single-family sales picked up in the second half of 2019, particularly in the \$500,000 and under market, and annual home sales for Calgary were up by 1% over the prior year. The Calgary Real Estate Board ("CREB") reported that homes priced under \$500,000 grew nearly 9%, while those priced over \$500,000 saw sales volumes decline by 11%.

The average benchmark home price in Calgary as at December 31, 2019 declined to \$419,000, 1.5% below the December 31, 2018 benchmark of \$425,000. Overall inventory levels continue to decrease as home listings in Calgary were at 4.8 months of sales volume as of December 31, 2019, an improvement from the December 31, 2018 inventory levels of over 6 months. While it is still a buyers' market and mortgage rates remain favorable, lower inventory levels for single family homes and lower home pricing is steadily improving the balance between buyers and sellers.

The City of Calgary Q4 Housing Review released in January 2020 stated that for the first time in five years both real wages (+1.4%) and employment grew (+2.9%) in Calgary in 2019. The City of Calgary estimates that net migration was 1.5% (18,500) which compares to 1.7% in 2018, and forecast similar growth in 2020, providing support for housing market demand.

RBC Economics measures housing ownership affordability (calculated as ownership costs as a % of median household income) and in its December 2019 report noted that home ownership continues to be more affordable in Calgary at 38.6% which is a direct result of lower prices and lower mortgage rates. This measure is below the long run average for Calgary of 40.6% and the Canadian average measure of 50.7%. In 2019, Calgary was one of the most livable cities in North America and the top city in Canada in the Economist Intelligence Unit's livability ranking.

The Conference Board of Canada has forecasted that Alberta's economy will grow in 2020 and 2021 with projected growth of 2.4% and 3.1%, respectively. Overall capital investment in Alberta is forecast to increase as a result of the construction of certain pipelines proceeding and the impact of certain provincial tax cuts. However, it should be noted that recent events triggered by the COVID-19 pandemic and the Saudi-Russia oil disagreement and the resulting sharp decline in oil prices will likely have a significant negative impact on the Calgary economy and the projected growth forecasts.

### **Three-Year History**

Significant events that occurred during the last three financial years and to the date of this AIF are described below.

#### **Recent Developments**

##### **2019**

###### *Residential Lot Sales*

Total residential lot sales in 2019 were \$29.1 million (161 lots), down 8% from \$31.8 million (176 lots) in 2018. In 2019, GBG sold 128 homes on Genesis lots, up from 121 homes sold in 2018. During 2019, 33 lots were sold to third-party builders, down 40% from the 55 lots sold to third-party builders in 2018. 6 of the lots sold to third-party builders in 2019 were premium lots in the Calgary community of Sage Meadows and 27 were in the City of Airdrie (2018 - 12 and 42 lots, respectively).

###### *Purchase of Lands*

In July 2019, Genesis invested \$1.9 million to acquire a 5% interest in a limited partnership that is expected to commence development in 2020 of 224 acres of land in northeast Calgary, located close to the Genesis' Saddlestone community. Genesis has the right to purchase a minimum of 25% of the single-family lots for its home building division, which is expected to be able to leverage its Saddlestone design, construction and marketing infrastructure. The first phase of the development consisting of 180 single-family lots is expected to be ready for home construction to commence in late 2021. Genesis intends to purchase 65 lots in this phase. The total development is planned to produce 1,400 single-family lots over 8-10 years of which Genesis has the right to purchase a minimum of 350 lots.

## ANNUAL INFORMATION FORM

### For the Year Ended December 31, 2019

In September 2019, the Corporation closed the purchase of 130 acres of future residential development land in north Calgary for \$23.7 million. Land servicing is slated to begin in 2020 and upon completion the community is expected to include over 800 single-family homes, and approximately 7 acres of multi-family and commercial sites.

In November 2019, Genesis invested \$3.8 million to acquire an 8% interest in a joint venture that is expected to commence development in 2020 of 320 acres of land in southwest Calgary. As part of this acquisition, Genesis has the right to purchase 1/6<sup>th</sup> (333 lots) of the single-family lots in this development for its home building division.

#### *Sale of Land Parcels*

In 2019, the Corporation closed the sale of a 357-acre parcel of land belonging to a limited partnership for \$0.6 million.

#### *Sale of New Homes by GBG*

New homes sold in 2019 were 128 units (111 single-family homes and 17 townhouses) compared to 121 units (103 single-family homes and 18 townhouses) in 2018.

Revenues from the sale of homes by GBG in 2019 were \$59.7 million, up 10% from \$54.1 million in 2018. Fluctuations in the average revenue per home sold were mainly due to differences in product mix. During 2018 and 2019, GBGs single-family homes product ranged in price from \$343,000 to \$766,000 depending on the location and the model being offered. Similarly, GBGs townhouse product ranged in price from \$183,000 to \$357,000 depending on the location and the model being offered. In YE 2019, 111 single-family homes and 17 townhouses were sold compared to 103 single-family homes and 18 townhouses in YE 2018. Gross margins from the sale of homes by GBG in 2019 were \$8.3 million, up 2.6% from \$8.1 million in 2018.

Genesis began construction on 27 of the 54 townhouse units in 2017 in “The Laurels” project, of which 14 units have been sold and closed. There are no units contracted for sale as of March 10, 2020. Construction also commenced on 27 of the 85 townhouse units in 2017 in “The Newport” development in the community of “Canals” in Airdrie. 18 units have been sold and closed and 1 unit is under a firm sales contract as of March 10, 2020.

#### *Sales, General and Administrative Expenses*

Sales, general and administrative expenses for 2019 were \$15.5 million compared to \$14.9 million for 2018, up \$0.6 million or 4%. Q4 2019 general, administrative and sales expenses were \$4.6 million, compared to \$3.9 million in Q4 2018, up \$0.7 million or 18%.

#### *Cash Flow from Operating Activities*

Change in cash and cash equivalents was a cash outflow of \$7.8 million in 2019 compared to a cash inflow of \$0.5 million in 2018. Genesis generated cash flows from operating activities of \$9.5 million (\$0.23 per share), a decrease of \$5.2 million (\$0.11 per share) from the \$14.7 million (\$0.34 per share) cash flows from operating activities in 2018. Cash flows from operating activities vary considerably between periods for the reasons explained below:

#### Factors Affecting Results of Operations

When reviewing the results year over year, there are a number of factors that affect the results of operations, including:

- the volatility of oil and gas prices and changes in the Canadian US dollar exchange rate, both of which impact the Alberta oil and gas industry, and have significant impact on the CMA real estate market and economy;
- changes to the regulatory environment, both direct and indirect, including for example, the land development approval process, mortgage lending rules and immigration policies;
- changes in interest rates, including residential mortgage rates and the rates of interest charged to Genesis on its various credit facilities;

## ANNUAL INFORMATION FORM

### For the Year Ended December 31, 2019

- costs incurred for the development and servicing of land and the sale of residential lots and other land parcels occurs over a substantial period of time and results in cash flows that vary considerably between periods, creating significant volatility in the revenues, earnings and cash flows from operating activities;
- land, lot and home prices and gross margins vary by community and lot/home type, the nature of the development work required to be undertaken before the land and lots are ready for sale, and the original cost of the land and servicing; and
- seasonality which has historically resulted in higher revenues in the summer and fall months when home building sales often peak.

The total change of \$5.2 million is a result of those factors, lower volumes of both lot sales and the timing of collection of amounts receivable, plus significant transactions occurring which do not occur on a regular basis being the investment in land development entities of \$5.6 million and the sale of development land of \$14.9 million in 2018 with no comparable development land sales in 2019.

#### *Dividends*

No dividends were declared or paid in 2019.

#### *Normal Course Issuer Bid*

On October 8, 2019, the Corporation announced the renewal of its NCIB. The renewed NCIB commenced on October 10, 2019 and will terminate on the earlier of: (i) October 9, 2020; and (ii) the date on which the maximum number of common shares are purchased pursuant to the bid. The Corporation may purchase for cancellation up to 2,109,016 common shares under the renewed NCIB.

The Corporation purchased a total of 23,694 Common Shares at an average price of \$2.41 per share during 2019.

The prior NCIB, which expired on October 9, 2019, allowed the Corporation to purchase for cancellation up to 2,147,636 common shares. The Corporation purchased a total of 772,400 common shares at an average price of \$3.12 per share under this NCIB.

#### *Servicing Additional Phases*

Servicing of four new community phases with an estimated budget of approximately \$53.0 million commenced in 2018, of which approximately \$33.0 million has been expended with \$12.0 million of this cost incurred in 2019. The remaining costs are expected to be expended in 2020 and 2021 for municipal fees, completion of landscaping and amenities and final infrastructure costs. All four projects are to date on or below budget. These phases are being financed by land servicing project credit facilities from two major Canadian chartered banks and will provide a substantial number of lots and land parcels for Genesis to sell, including:

- Saddlestone community: The final phase of Genesis' 160-acre Saddlestone community has been completed, adding 121 single-family lots and two multi-family sites totaling 1.9 acres and a 3.2-acre park;
- Sage Meadows community: The final phase of the 80-acre Sage Meadows community has been completed, servicing 18.1 acres containing three multi-family sites (one of which was sold in Q4 2018 and another has been contracted for sale with an expected closing date in the third quarter of 2020), 31 single-family lots on which GBG is building and selling houses and a school site; and
- Bayside and Bayview communities: The servicing of two new phases in the 720-acre Airdrie development was completed in 2019, including the 108 lot Bayside phase 10 and the 102 lot Bayview phase 1. Servicing of the 6-acre park is expected to be finished in mid-2020.

## ANNUAL INFORMATION FORM For the Year Ended December 31, 2019

### *Obtain Additional Zoning and Servicing Entitlements*

Genesis continues to make progress in obtaining additional zoning and servicing entitlements for its land, including:

- Sage Hill Crossing Outline Plan: Sage Hill Crossing is a mixed-use development in Calgary's northeast quadrant containing 15.4 acres of serviced land and 51 acres of undeveloped land. The 15.4 acres of serviced land is contained in the south segment of the development and is comprised of an 8.2-acre multi-family site and a 7.2-acre commercial site. The multi-family site has been sold and is expected to close in Q1 2020. The commercial site is actively being marketed for sale. The 51 acres of undeveloped land, contained in the north segment, received City Council approval on December 2019 for final outline plan and land use amendment. The northern segment is expected to yield 282 single family lots, 14.6 acres of multi-family land and 4.1 acres of commercial land over three phases of development. Tentative plan of subdivision and engineering drawings for the first phase have been submitted to the City of Calgary with servicing scheduled to commence in 2020.
- Ricardo Ranch ASP: Genesis owns 354 acres of undeveloped land in Calgary's southeast quadrant. An ASP for a new residential community on these lands was approved by the Calgary City Council in November 2019. The Outline Plan and Land Use applications are expected to be approved in late 2020.
- OMNI ASP (in North Conrich): Genesis controls 610 acres of undeveloped land in Rocky View County bordering the northeast quadrant of the City of Calgary, which are included in an ASP known as the "OMNI ASP". Genesis has received ASP approval for a 185-acre commercial and retail project on a portion of these lands and a preliminary conceptual scheme was submitted to the County in December 2019 with a formal submission expected to take place in February 2020. The adjacent Genesis controlled lands in Rocky View County are included in a special study area, with land use still to be determined.
- Lewisburg: The Lewisburg property has an approved ASP in place. Genesis is currently working on the Outline Plan and Land Use applications for a late Q2 or early Q3 2020 submission. The current schedule is to commence servicing in the latter half of 2021 with first lots available for marketing in 2022.

### **2018**

#### *Residential Lot Sales*

Total residential lot sales in 2018 were \$31.8 million (176 lots), down 35% from \$49.2 million (266 lots) in 2017. In 2018, GBG sold 121 homes on Genesis lots, down from 134 homes sold in 2017. During 2018, 55 lots were sold to third-party builders, down 58% from the 132 lots sold to third-party builders in 2017. 12 of the lots sold to third-party builders in 2018 were premium lots in the Calgary community of Sage Meadows and 42 were in the City of Airdrie (2017 - 34 and 98 lots, respectively).

#### *Purchase of Lands*

In the fourth quarter of 2017, a third-party builder in Airdrie breached its purchase contracts relating to single-family lots. On November 2, 2017 the Court of Queen's Bench of Alberta granted a consent order permitting a receiver to take control of the assets of several companies associated with this builder. During 2018 Genesis entered into an agreement with the receiver of this builder, which was approved by the Alberta Court of Queen's Bench. In accordance with this agreement, (1) the agreements to sell 23 lots to the builder, with amounts receivable of \$3.7 million, were cancelled and the lots were returned to Genesis, (2) Genesis re-purchased from the builder 31 lots for \$5.2 million for which it had received full payment, and acquired that builder's work in progress on both these lots and on the 23 returned lots. Genesis acquired all assets free and clear of any liabilities including any builders' liens obligations. The transaction closed in May 2018.

#### *Sale of Land Parcels*

In 2018, the Corporation sold three development land parcels located in the CMA for gross proceeds of \$15.1 million. The Corporation has one parcel of land in the Calgary Sage Meadows community under contract to sell, consisting of one multi-family parcel of 4.94 acres. It is expected that the sale of this site will be completed in 2020, but there can be no assurances that it will close.

#### *Sale of New Homes by GBG*

New homes sold in 2018 were 121 units (103 single-family homes and 18 townhouses) compared to 148 units (127 single-family homes and 21 townhouses) in 2017. Sales in 2018 are believed to have been negatively impacted by a number of external factors, including changes to mortgage lending “stress test” rules and increasing mortgage rates.

Revenues from the sale of homes by GBG in 2018 were \$54.1 million, down 20.1% from \$67.7 million in 2017. Revenues were down due to a combination of lower prices and volumes, with 103 being single-family homes and 18 being lower priced townhouses, while homes sold in 2017 were 127 single-family homes and 21 townhouses. Gross margins from the sale of homes by GBG in 2017 were \$8.1 million, down 28.4% from \$11.3 million in 2017.

In Q4 2018, GBG sold and closed its last unit in its “Ashbury” 24-unit townhouse development in Saddlestone in northeast Calgary. Genesis began construction on 27 of the 54 townhouse units in 2017 in “The Laurels” project, of which 11 units have been sold and closed, and there is one unit under a firm sales contract as of March 14, 2019. Construction also commenced on 27 of the 85 townhouse units in 2017 in “The Newport” development in the community of “Canals” in Airdrie.

#### *Sales, General and Administrative Expenses*

Sales, general and administrative expenses for 2018 were \$14.9 million compared to \$15.9 million for 2017, down \$1.0 million or 7%. Q4 2018 general, administrative and sales expenses were \$3.9 million, compared to \$4.2 million in Q4 2017, down \$0.3 million or 8%. Genesis continues to seek cost reductions and operating efficiencies.

#### *Cash Flow from Operating Activities*

Genesis generated positive cash flow in 2018, with cash flows from operating activities of \$14.7 million (\$0.34 per share), a decrease of \$ 32.2 million (\$0.74 per share) from the \$46.9 million (\$1.08 per share) cash flows from operating activities in 2017. Cash flows from operating activities were mainly used for the following: In early 2018, Genesis made a payment of \$8.0 million on the VTB and \$10.3 million was used to pay dividends to shareholders (\$0.24 per share). Additionally, \$3.5 million was used in 2018 to repurchase Common Shares through Genesis’ normal course issuer bid. Genesis’ cash on hand increased by \$0.4 million as at December 31, 2018 to \$24.0 million in comparison to \$23.6 million as at December 31, 2017.

#### *Dividends*

A cash dividend of \$10.3 million (\$0.24 per share) was declared in August 2018 and paid in September 2018.

#### *Normal Course Issuer Bid*

On October 5, 2018, the Corporation announced the renewal of its NCIB. The renewed NCIB commenced on October 10, 2018 and will terminate on the earlier of: (i) October 9, 2019; and (ii) the date on which the maximum number of common shares are purchased pursuant to the bid. The Corporation may purchase for cancellation up to 2,147,636 common shares under the renewed NCIB. The Corporation has purchased 772,400 Common Shares at an average price of \$3.12 per share under this NCIB.

The Corporation purchased a total of 1,069,100 Common Shares at an average price of \$3.27 per share during 2018.

### For the Year Ended December 31, 2019

#### *Servicing Additional Phases*

Servicing of four new phases with a three-year estimated budget of approximately \$57.0 million commenced in Q2 2018. Approximately \$20.9 million of this was incurred in 2018. All four projects are proceeding on or below budget and within planned timelines. These phases are being financed by land servicing project credit facilities from two major Canadian chartered banks. Servicing is expected to be substantially completed in 2019 and will provide a substantial number of future lots and parcels of land for sale, including:

- Saddlestone community: The final phase of Saddlestone of 121 single-family lots, two multi-family sites totaling 1.9 acres and a 3.2-acre park;
- Sage Meadows community: The final phase of Sage Meadows, servicing 18.1 acres with four multi-family sites (of which one was sold in Q4 2018 and another has been contracted for sale), 31 single-family lots on which GBG is expected to build and sell houses and a previously dedicated school site; and
- Bayside and Bayview communities: Two new phases in Airdrie, including Bayside phase 10 adding 108 lots and Bayview phase 1 adding a 6-acre park and 102 lots.

#### *Obtain Additional Zoning and Servicing Entitlements*

Genesis continues to make progress in obtaining additional zoning and servicing entitlements including:

- Sage Hill Crossing Outline Plan: Sage Hill Crossing is a mixed-use development in Calgary's northwest quadrant with 51 acres remaining to be developed. Calgary City Council approved the Area Service Plan ("ASP") amendment for Sage Hill Crossing in September 2017. Genesis submitted its Outline Plan and Land Use application in December 2017 and subsequently filed amendments to its original ASP to split the plan into two segments and to make certain modifications to improve their marketability. The southern segment is fully serviced and will be marketable once the required regulatory approvals are in place.
- Southeast Lands ASP: Genesis owns 354 acres of undeveloped land in Calgary's southeast quadrant. The City of Calgary (the "City") began the process for the creation and subsequent approval of the developer funded "Ricardo Ranch" ASP in January 2018, with Genesis leading discussions with the City on behalf of the three landowners involved. A draft report of the ASP policies has been circulated to landowners for review and, once all terms and policies are agreed to, the formal circulation process will begin. Most of Genesis' land in this ASP is expected to be approved for residential development.
- OMNI ASP: Genesis controls 610 acres of undeveloped land in Rocky View County bordering the northwest quadrant of the City of Calgary, which lands are included in an ASP known as the "OMNI ASP". The OMNI ASP was approved by Rocky View County (the "County") in September 2017. The City, as the neighboring municipality, appealed this approval to the Alberta Municipal Government Board (the "MGB") in October 2017, which held a hearing of this appeal in the summer of 2018. On December 17, 2018, the MGB issued its ruling and confirmed that the 185-acre OMNI commercial and retail project on the Genesis controlled lands can proceed to the next stage of the development process while the remainder of the lands in the ASP are included in a study area. Genesis is currently preparing a conceptual scheme for submission to the County later in 2019 for the 185-acre OMNI commercial and retail project.

#### *Leadership Transition*

Effective September 20, 2018, the following executive appointments were made:

- Iain Stewart was appointed President and Chief Executive Officer. Mr. Stewart had been an independent director of Genesis since August 2013 and was Vice Chair of the Board since May 12, 2017 until his executive appointment. Mr. Stewart remains as a member of the Board of Directors.
- Stephen J. Griggs was appointed Executive Chair of the Board. Mr. Griggs has been a director and Chair of the Board since August 2013 and was Chief Executive Officer or interim Chief Executive Officer since February 2016. Mr. Griggs remains as a member of the Board of Directors.

### 2017

#### *Residential Lot Sales*

Total residential lot sales in 2017 were \$49.2 million (266 lots), up 33% from \$37.0 million (204 lots) in 2016. During 2017, 132 lots were sold to third-party builders, more than twice the 58 lots sold to third-party builders in 2016. 34 of the lots sold to third-party builders in 2017 were premium lots in the Calgary community of Sage Meadows and 98 were in the City of Airdrie (2016 - 10 and 48 lots, respectively). In 2017, GBG sold 134 homes on Genesis lots, down from 146 homes sold in 2016.

In the fourth quarter of 2017, a third-party builder in Airdrie breached its purchase contracts relating to single-family lots. On November 2, 2017 the Court of Queen's Bench of Alberta granted a consent order permitting a receiver to take control of the assets of several companies associated with this builder.

#### *Sale of Land Parcels*

In 2017, the Corporation sold 1,476 acres of non-core parcel of land located in the Hamlet of Delacour, Alberta for gross proceeds of \$9.0 million. In addition, LPLP sold a 617-acre land parcel located in the Hamlet of Delacour, Alberta to a third-party purchaser for gross proceeds \$5.2 million and a 319-acre land parcel located in Airdrie, Alberta to a third-party purchaser for gross proceeds of \$41.0 million.

These 2017 sales substantially complete the plan to dispose of the non-core lands owned or controlled by Genesis, with the bulk of non-core assets by dollar value having been sold. Genesis will continue to market the remaining non-core lands with the objective of selling the balance over the next few years.

#### *Plans for the Development and Disposition of Core Lands*

In 2017, Genesis entered into conditional agreements to sell several parcels of multi-family and commercial lands that closed in 2018. These transactions provided for cash payments of the purchase price on closing, subject to customary adjustments. These transactions included the following:

- In the third quarter of 2017, Genesis entered into an agreement with an arms-length third-party for the sale of two sites totaling 8.65 acres and is approximately half of Phase 5 of the Genesis Sage Meadows development located in northwest Calgary, Alberta. The aggregate sale price for the sites is \$11.3 million. The first 3.91-acre site closed in the fourth quarter of 2018 for \$4.6 million. The second 4.74-acre site is expected to close in mid-2020. The agreement was conditional on Genesis subdividing the subject lands prior to the initial closing in 2018. The purchaser paid a deposit and will pay the sale price in cash at each closing.
- In the fourth quarter of 2017, Genesis entered into an agreement with a third-party builder for the sale of lands in the community of Sage Meadows, located in northwest Calgary, Alberta. The lands are a part of Phase 3 of the Genesis Sage Meadows development and consist of two sites of 8.18 acres and 1.4 acres respectively and are zoned for multi-family and commercial development respectively. The aggregate sale price of these lands is \$10.5 million and requires Genesis to subdivide the lands prior to closing. The transactions closed in the third quarter of 2018. The purchaser paid a deposit and paid the full sale price on closing.

#### *Sale of New Homes by GBG*

New homes sold in 2017 were 148 units (127 single-family homes and 21 townhouses), below management's expectations for the year, compared to 166 units in 2016. Sales in 2017 are believed to have been negatively impacted by a number of external factors, including changes to the bank mortgage rules and increasing mortgage rates.

Revenues from the sale of homes by GBG in 2017 were \$67.7 million, down 18.7% from \$83.2 million in 2016. Revenues were down due to a combination of lower volumes and product mix, with 127 being single-family homes and 21 being lower priced townhouses, while all 166 homes sold in 2016 were single-family homes. Gross margins from the sale of homes by GBG in 2017 were \$11.3 million, down 18.6% from \$13.8 million in 2016.

## ANNUAL INFORMATION FORM

### For the Year Ended December 31, 2019

In Q3 2017, GBG completed construction of its “Ashbury” 24-unit townhouse development in Saddlestone in northeast Calgary. Genesis also began construction of the nearby 54 townhouse unit “The Laurels”. Late in the second quarter of 2017, construction commenced on “The Newport”, an 85-unit townhouse development in the community of “Canals” in Airdrie.

#### *Sales, General and Administrative Expenses*

Sales, general and administrative expenses for 2017 were \$15.9 million compared to \$16.2 million for 2016, down \$0.3 million or 2%. Q4 2017 general, administrative and sales expenses were \$4.2 million, compared to \$4.6 million in Q4 2016, down \$0.4 million or 9%. Genesis continues to seek cost reductions and operating efficiencies.

#### *Cash Flow from Operating Activities*

Genesis generated significant positive cash flow in 2017, with cash flows from operating activities of \$46.9 million (\$1.08 per share), an increase of \$ 4.0 million (\$0.10 per share) from the \$42.9 million (\$0.98 per share) cash flows from operating activities in 2016. Cash flows from operating activities were mainly used for the following: In 2017, Genesis' loans and credit facilities were reduced by \$13.2 million from \$43.3 million at December 31, 2016 to \$30.1 million at December 31, 2017. A significant portion of the loans and credit facilities at December 31, 2017 was made up of \$22.2 million related to a vendor take back loan (the “VTB”) on Genesis' Calgary southeast lands. In early 2017, Genesis made a payment of \$8.0 million on the VTB and \$19.9 million was used to pay two dividends to shareholders (total of \$0.46 per share). Additionally, \$1.5 million was used to repurchase Common Shares through Genesis' normal course issuer bid. Genesis' cash on hand increased by \$9.3 million as at December 31, 2017 to \$23.6 million in comparison to \$14.3 million as at December 31, 2016.

#### *Dividends*

A cash dividend of \$9.1 million (\$0.21 per share) was declared in August 2017 and paid in September 2017. An additional cash dividend of \$10.8 million (\$0.25 per share) was declared in December 2017 and paid in January 2018. Total dividends for the year were \$19.9 million (\$0.46 per share)

#### *Normal Course Issuer Bid*

On September 7, 2017, the Corporation renewed its normal course issuer bid (“NCIB”) which commenced on September 12, 2017 and terminated on September 11, 2018. The NCIB allowed the Corporation to purchase for cancellation up to 2,163,022 Common Shares. The Corporation purchased 300,000 Common Shares at \$3.67 per share under this NCIB.

The Corporation purchased a total of 493,085 Common Shares at an average price of \$2.95 per share during 2017.

#### *Servicing of Additional Phases*

In the second quarter of 2017, Genesis began the servicing of a new phase in the “Saddlestone” community in Calgary (to create 102 residential lots available for sale in 2018) and a new phase in the “Bayview” community in Airdrie (to create 73 residential lots, 28 of 73 being already contracted to a third-party builder) financed using credit facilities from major Canadian banks. Construction of homes on serviced lots in these new phases began in early 2018.

Genesis carefully plans any proposed land servicing to match expected sales over the following 12-24 months, recognizing the seasonality of servicing activities in Alberta.

#### *Land Servicing and Zoning Entitlements Obtained*

During 2017, significant progress was made by Genesis in obtaining additional land servicing and zoning entitlements including:

- In September 2017, the City of Calgary unanimously approved an amendment to the Sage Hill Area Structure Plan (“ASP”) where Genesis currently owns 64 acres of land. This approval enables Genesis to proceed with securing land use and outline plan approval for a low to medium density residential and commercial development, rather than the previous high-density high rise residential and big box commercial zoning.
- In September 2017, the County of Rocky View approved the Omni ASP, which includes the 610 acres of the “North Conrich” lands owned by Genesis (51.2%), Genesis Limited Partnership #4 (32.5%) and GLP5 NE Calgary Developments Inc. (16.3%). The City of Calgary appealed this ASP to the Municipal Government Board.

## ANNUAL INFORMATION FORM

### For the Year Ended December 31, 2019

- In the second quarter of 2017, the Council of the City of Airdrie passed Land Use and Outline Plan amendments for the remaining Bayview lands and a portion of the remaining Bayside lands owned by Genesis. These amendments will allow Genesis to meet current community requirements including a full range of residential product mix along with attractive amenities such as open spaces, a school site and a neighborhood retail center.
- In addition, in January 2018, the City of Calgary formally began the development of an ASP for the “Cell E” lands, which includes Genesis’ southeast lands, which is an important step to permit the future development of these lands.

#### *Changes in Leadership*

Effective May 12, 2017, Stephen J. Griggs, Chair of the Board of the Corporation, was appointed Chief Executive Officer and Wayne King, CPA, CA was appointed Chief Financial Officer of the Corporation, replacing Ms. Kirsten Richter, who had been the interim Chief Financial Officer.

## DESCRIPTION OF THE BUSINESS

### General Description

Genesis is an integrated land developer and residential home builder operating in the CMA, owning and developing a portfolio of well-located, entitled and unentitled residential, commercial and mixed-use lands and serviced lots in the CMA.

As a land developer, Genesis acquires, plans, rezones, subdivides, services and sells residential lots and commercial and industrial lands to third-party developers and builders, and also sells lots and completed homes through its home building division. The land portfolio is planned, developed, serviced and sold as single-family lots and townhouse and commercial parcels at opportune times with the objective of maximizing the risk adjusted net present value of the land and to maximize net cash flow.

Through a wholly-owned subsidiary, GBG, Genesis also designs, builds and sells homes on a significant portion of its single-family lots and, in some cases, its townhouse land parcels. GBG also acquires single family lots from other land developers to build and sell single family homes in additional CMA communities.

The Corporation is executing on its 2019 five-year strategic plan which includes the opportunistic acquisition of additional CMA residential development lands, including through land development joint ventures and partnerships. These investments must meet acceptable return criteria and replenish and expand the Corporation’s land asset base for future development and also provide an additional supply of lots for GBG. The Corporation completed three transactions in 2019 as described below and is actively exploring other potential land acquisitions and investment opportunities in the CMA.

As part of its overall strategy, Genesis continues to focus on minimizing overhead costs and long-term commitments, where possible, to preserve flexibility.

Genesis manages its financial position by prudently and opportunistically allocating its cash resources among the following:

- Maintaining a strong balance sheet as the first priority;
- Acquiring additional land either directly or through land development entities; and
- Paying dividends and/or buying back its common shares.

### Corporate Objectives and Strategy

The business plan for 2019 included:

1. obtaining additional zoning and servicing entitlements;
2. planning for the development and sale of land;
3. servicing additional phases;
4. investing in additional lands;

**ANNUAL INFORMATION FORM**  
**For the Year Ended December 31, 2019**

5. adding select third-party builders in Genesis' communities;
6. increasing velocity of homes sold by GBG; and
7. return of capital to shareholders.

For more detailed information on the Corporation's business plan for 2019, refer to Genesis' Management's Discussion and Analysis for the year ended December 31, 2019 available on SEDAR at [www.sedar.com](http://www.sedar.com).

**Operations**

Genesis reports its activities under two business segments: land development and home building. Land development involves the acquisition of land for future development, and the planning, land servicing and marketing of residential communities and commercial and industrial developments. The home building business includes the acquisition of lots primarily from the land development division and the construction and sale of single-family houses and townhouses.

In 2019 and 2018, total revenues were as follows:

	<b>Year ended December 31</b>	
	<b>2019</b>	<b>2018</b>
Residential lot sales to third-parties	<b>\$7,248,000</b>	\$12,132,000
Development land sales to third-parties <sup>(1)</sup>	<b>\$550,000</b>	\$15,126,000
Residential homes sales (including related lots)	<b>\$59,732,000</b>	\$54,109,000
Other revenue	<b>\$567,000</b>	\$70,000
<b>Total revenues</b>	<b>\$68,097,000</b>	\$81,437,000

<sup>(1)</sup> 2019 included \$550,000 of land sales related to a limited partnership (2018 - nil)

**Land Development**

The land development business focuses on developing residential lots in the CMA, with commercial and industrial land sold to third-parties at the opportune stage of development.

In 2019, single-family building permits issued by the City of Calgary were 3,714 (2018 – 3,732) and were 7,908 for multi-family (including townhomes) (2018 – 5,957) for a total of 11,622 residential permits issued (2018 – 9,689). In Airdrie, 476 single-family building permits were issued (2018 – 510) and 218 multi-family permits were issued (2018 – 148) for a total of 694 residential building permits in 2019 (2018 – 658).

The following is a summary of Genesis' land projects, on which the Corporation continues to pursue planning approvals, land servicing and sales, as of December 31, 2019:

A brief description of key properties follows.

**AIRDRIE**

In 1997, Genesis commenced development of a 720-acre parcel in the city of Airdrie, which is located just north of Calgary. All lands within the 720 acres have approved land use. The concept plan for this property provides for a linear park system running parallel to a unique canal system, consisting of two lakes and a canal system that provides year-round recreation facilities such as biking and ice skating and also functions as a storm water management facility. The concept plan also provides for multi-family and commercial sites within the property along with three school sites.

*The Canals* - Consists of nine phases, all of which are fully developed and eight are sold out. Canals Phase 6 is the final phase that was developed and consists of 148 single-family lots and a 3.51-acre townhouse site. As at December 31, 2019, 8 single-family lots remain unsold, while the phased construction of the "Newport" townhouse units by GBG was underway on the 3.51-acre site with 18 of the 85 units being sold and closed.

## **ANNUAL INFORMATION FORM**

### **For the Year Ended December 31, 2019**

*Bayside* - Consists of 16 phases. Eleven phases have been developed and five phases are available for future development. Bayside Phases 1 to 4 and Phases 6, 7, 9 and 11 are fully developed and sold out. As at December 31, 2019, there were a total of 25 unsold lots out of a total of 250 lots in Phases 5 and 8. In 2018, servicing of 108 single-family lots in Bayside 10 began and became available for sale in 2019. During 2019 there were 22 lots sold in Bayside 10. The above lot counts include lots purchased from the receiver of a third-party builder that were in inventory.

*Bayview* – Located to the west of the existing Bayside and Canals communities, Bayview consists of 9 phases. Genesis re-conceptualized and re-zoned Phases 1 to 7 in 2017 to reflect current market trends. Bayview Phase 10 consists of 114 single-family lots and a 3.36-acre townhouse site. At the end of 2019, 3 lots and the townhouse site remained unsold in Phase 10. Phase 9 was serviced in 2017 and contained 73 lots, of which 58 have been sold. Servicing was completed in 2019 for the 102 single-family lot Bayview Phase 1 and 2 lots were sold during the year.

### **CALGARY NORTHWEST**

In 2002, Genesis commenced development of a 775-acre parcel in the Symons Valley area in northwest Calgary. The project comprises approximately 4,200 residential lots, a number of multi-family parcels, mixed-use sites, the Sage Hill Crossing commercial site and commercial lots in the communities of Sherwood, Kincora, Sage Meadows and Evansridge.

This development has several topographical features including West Nose Creek, valley escarpments, ravines and coulees, including Symons Valley's system of natural areas and parks connected to Nose Hill Regional Park to the south. This project was designed to include an interconnected pedestrian pathway system, which provides walking, jogging and cycling facilities, surrounded by scenic views of the natural topography. The area is directly north of the Stoney Trail ring road. The Symons Valley Community Plan (Area Structure Plan) received the approval of Calgary's City Council in April 2001, which permitted the submission of comprehensive development and rezoning plans. Outline plan and land use approval in Symons Valley have been completed on all lands owned by the Corporation.

The remaining portions of this development are set out below:

*Sage Meadows* - The community of Sage Meadows consists of five phases adjacent to Symons Valley Road and West Nose Creek. This project takes advantage of access off Symons Valley Road and the natural area amenity along West Nose Creek. Development is complete on the first two residential phases with all 200 lots sold.

In 2015, servicing was completed for 9.58 acres of multi-family and commercial sites and 16 single-family lots in Phase 3 of which 13 lots have been sold. The 9.58-acre multi-family site was sold in 2018.

In 2016, servicing was substantially completed in Phase 4 (74 lots) and for a 4.27-acre multi-family site. Two third-party builders have entered into an option to purchase all 74 lots in Phase 4. As at December 31, 2019, 62 lots in Phase 4 had been sold.

Servicing of Phase 5 was completed in 2019 and contains 31 single-family lots and an 18.1-acre multi-family site containing three separate parcels. In 2018 Genesis completed the sale of a 3.63-acre multi-family parcel and is under contract to sell a 4.9-acre multi-family parcel in 2020. There can be no assurances that this transaction will close within the described time period or that it will close at all.

*Sage Hill Crossing* - Sage Hill Crossing is a mixed-use development in Calgary's northeast quadrant containing 15.4 acres of serviced land and 51 acres of undeveloped land. The 15.4 acres of serviced land is contained in the south segment of the development and is comprised of an 8.2-acre multi-family site and a 7.2-acre commercial site. The multi-family site has been sold and is expected to close in Q1 2020. The commercial site is actively being marketed for sale. The 51 acres of undeveloped land, contained in the north segment, received City Council approval on December 2019 for final outline plan and land use amendment. The northern segment is expected to yield 282 single family lots, 14.6 acres of multi-family land and 4.1 acres of commercial land over three phases of development. Tentative plan of subdivision and engineering drawings for the first phase have been submitted to the City of Calgary with servicing scheduled to commence in 2020.

#### **CALGARY NORTHEAST**

*Saddlestone* - This project is a community of affordable housing, adult and senior living with convenient amenities, and located in northeast Calgary approximately 20 minutes from downtown. The development comprises a variety of single-family houses and townhouses, and an interconnected parks system, two storm water retention lakes, and an 8-acre shopping center along with a school and several multi-family sites.

Saddlestone originally consisted of 166 acres, which received Outline Plan and land use approval in 2008. This project comprises 11 phases and commenced servicing in 2010, with development completed on Phases 1 to 7 and Phase 11 (586 single-family lots, seven multi-family sites, and one commercial site). GBG has substantially completed construction of all of Phase 8. Phase 10 with 102 lots was serviced in 2017 and 54 lots remain unsold. Phase 9 (121 lots and two multi-family sites) servicing was completed in 2019 and 7 lots were sold by GBG. All remaining lots are contracted and expected to be sold by GBG.

#### **CALGARY NORTH**

*Lewisburg* - In September 2019, the Corporation closed the purchase of 130 acres of future residential development land in north Calgary for \$23,725. Land servicing is slated to begin in 2020 and upon completion the community is expected to include over 800 single-family homes, and approximately 7 acres of multi-family and commercial sites

#### **CALGARY SOUTHEAST**

In January 2015, the Corporation acquired a 354-acre parcel of land overlooking the Bow River Valley with views of the Rocky Mountains, located south of the Calgary South Health Campus Regional Hospital at the southern boundary of Calgary. The community is expected to ultimately include approximately 2,000 residential units, parkland and supporting community and commercial development. The City of Calgary began the process for the creation and subsequent approval of the developer funded "Ricardo Ranch" ASP in January 2018, with Genesis leading discussions with the City of Calgary on behalf of the three landowners involved. An ASP for a new residential community on these lands was approved by the Calgary City Council in November 2019. The Outline Plan and Land Use applications are expected to be approved in late 2020.

#### **ROCKY VIEW COUNTY**

*"North Conrich Lands"* - This 610-acre parcel of farm land which borders the Calgary city limits in northeast Calgary at 96th Ave and 84<sup>th</sup> Street within Rocky View County was purchased in 2004. Genesis holds a 51.2% interest in the lands with the remainder owned by GLP#4 and GLP#5. Genesis and GLP #4 and GLP#5 entered into a joint venture agreement in March 2005 to jointly develop and sell the North Conrich Lands. These lands are included in an ASP titled the "OMNI ASP". The OMNI ASP was approved by Rocky View County (the "County") in September 2017. The City of Calgary, as the neighboring municipality, appealed this approval to the Alberta Municipal Government Board (the "MGB") in October 2017. The MGB held a hearing into this appeal in mid-2018. On December 17, 2018 the MGB issued its ruling and confirmed that the 185-acre OMNI commercial and retail project on the Genesis controlled lands can proceed to the next stage of the development process. Genesis has received ASP approval for a 185-acre commercial and retail project on a portion of these lands. Genesis submitted a preliminary conceptual scheme to the County in December 2019 and a formal submission is to take place in early 2020. The adjacent Genesis controlled lands in Rocky View County are included in a special study area, with land use still to be determined.

#### **Home Building**

Genesis has been in the homebuilding business through its subsidiary, GBG, since 2005 and builds single-family detached and semi-detached homes and townhomes. GBG is active in the Corporation's residential communities of Saddlestone and Sage Meadows and in Airdrie and currently has 10 professionally designed and staged show homes.

Residential homes sold were 128 (111 single-family homes and 17 townhouses), 121 (103 single-family homes and 18 townhouses), and 148 (127 single-family homes and 21 townhouses) in 2019, 2018 and 2017, respectively.

## **ANNUAL INFORMATION FORM**

### **For the Year Ended December 31, 2019**

In 2019, Genesis commenced construction on an additional 25 units of an 85-unit townhouse complex, the “Newport”, in Airdrie. Genesis had previously constructed 27 units in the Newport of which 18 units have closed and one additional unit which has been sold is expected to close in 2020. In 2018, GBG completed construction of and closed all units in a 24-unit townhouse complex in northeast Calgary, the “Ashbury”. In 2017, GBG also commenced construction on 27 units of a 54-unit townhome project, the “Laurels” in northeast Calgary of which 14 units have been closed to date.

#### **Employees**

The Corporation had 56 employees as at December 31, 2019, primarily located in Calgary, Alberta.

Genesis attracts and employs management and other personnel with the required skills to manage its business. Genesis also relies on the use of third-party contractors with specialized skills (such as engineering, architecture, planning, design, and various construction trades). Genesis has been successful in acquiring the services of these employees and contractors in the past and believes they will be able to continue to do so in the future as needed.

#### **Code of Conduct**

The Corporation has a Code of Conduct (the “Code”) that sets out the expected conduct of its directors, officers, and employees, contractors, consultants, representatives and agents and its subsidiaries. The Code is intended to assist the Board and all company personnel in understanding their responsibilities to uphold the goals and values to which the Corporation aspires and to conduct business in accordance with applicable laws and regulations.

The Board reviewed and updated the Code in March 2019, which can be found on SEDAR.

#### **RISK FACTORS**

In the normal course of business, Genesis is exposed to certain risks and uncertainties inherent in the real estate development and home building industries. Real estate development and home building are cyclical businesses. As a result, Genesis’ profitability could be adversely affected by external factors beyond the control of management. The Corporation maintains various types of insurance to cover certain potential risks and regularly evaluates the adequacy and cost effectiveness of the coverage.

Risks and uncertainties faced by Genesis include the following:

##### **Competition**

Each segment of the real estate business is competitive. Numerous residential developers and builders compete for potential customers. Although it is the goal to be a leading land developer and home builder in the CMA, some of the Corporation’s competitors may provide a better product, have lower prices or may be better located or better capitalized. The existence of alternative lots, housing or commercial properties can have a material adverse effect on the Corporation’s ability to sell lots, homes or commercial properties and can adversely affect the Corporation’s revenues and ability to meet its obligations.

##### **Credit and Liquidity Risk**

Credit risk arises from the possibility that third-party builders who agree to acquire lots from Genesis may experience financial difficulty and be unable to fulfill their lot purchase commitments.

Liquidity risk is the risk that Genesis will not be able to meet its financial obligations as they fall due. If Genesis is unable to generate sufficient sales, renew existing credit facilities or secure additional financing, its ability to meet its obligations as they become due may be impacted. Based on the Corporation’s operating history, relationships with lenders and committed sales contracts, management believes that Genesis has the ability to continue to renew or repay its financial obligations as they become due.

## **ANNUAL INFORMATION FORM**

**For the Year Ended December 31, 2019**

### **Cybersecurity and Business Continuity Risk**

Genesis' operations, performance and reputation depend on how its technology networks, systems, offices and sensitive information are protected from cyberattacks. Genesis' operations and business continuity depend on how well it protects, tests, maintains and replaces its networks, systems and associated equipment. The protection and effective organization of Genesis' systems, applications and information repositories are central to the security and continuous operation of its business.

Cyberattacks and threats (such as hacking, computer viruses, denial of service attacks, industrial espionage, unauthorized access to confidential information, or other breaches of network or IT security) continue to evolve and Genesis' IT defenses need to be regularly monitored and adapted. Vulnerabilities could harm Genesis' brand and reputation as well as its business relationships and could adversely affect its operations and financial results.

Genesis has the following in place to reduce and/or manage cybersecurity and business continuity risk: enterprise grade firewalls with the ability to detect port scanning, denial of service attacks and content filtering and application control to permit or deny traffic on the network. Genesis also has anti-virus software with behaviour based real-time threat end-point protection, ability to scan and lock down unauthorised system changes and/or file encryption and prevent suspicious network behaviour. In addition, all incoming and outgoing emails are scanned for content, suspicious URLs and the existence of recipients within the organization. Regular internal backups of network databases and files are made in case of data corruption or encryption. The Corporation maintains various types of insurance to cover certain potential risks and regularly evaluates the adequacy of this coverage.

### **Development and Construction Cost Risk**

Genesis may be impacted by higher prices of labor, consulting fees, construction services and materials. Costs of development and building have fluctuated over the past several years and are typically passed on to the end customer through higher pricing. Any significant increase that Genesis cannot pass on to the end customer may have a negative material impact on profits.

### **Environmental Risk**

As an owner of real estate, Genesis is subject to federal, provincial and municipal environmental regulations relating to the protection of the environment. These regulations may require us to fund the costs of removal and remediation of certain hazardous substances on the Corporation's properties or releases from its properties. The failure to remediate such properties, if any, could adversely affect the Corporation's ability to borrow monies using the property as collateral or to sell the real estate. Management is not aware of any material noncompliance with environmental laws at any of the Corporation's properties. Environmental laws and regulations can change, and Genesis may become subject to more stringent environmental laws and regulations in the future, which could impact its business, cash flows, financial condition and results of operations.

### **Finance Risk**

Genesis uses debt and other forms of financing in its business to execute the corporate strategy. Genesis uses project specific credit facilities to fund land development costs and construction operating lines for home construction purposes. Should Genesis be unable to retain or obtain such credit facilities, its ability to achieve its goals could be impacted. In order to reduce finance risk, Genesis endeavors to match the term of financing with the expected revenues of the underlying land asset.

Management regularly reviews the Corporation's credit facilities and manages the requirements in accordance with project development plans and operating requirements.

### **Geographic Risk**

The Corporation's business activities are conducted primarily in and around the cities of Calgary and Airdrie in Alberta. As a result, the market value of the Corporation's assets, its ability to generate cash flow and its performance are particularly sensitive to changes in the real estate markets and economic conditions in Alberta. The factors impacting the real estate markets in Alberta and the Alberta economy, in general, may differ from those affecting other regions of Canada.

**ANNUAL INFORMATION FORM**  
**For the Year Ended December 31, 2019**

Adverse changes in the economic conditions in Alberta may have a material adverse effect on the Corporation's business, cash flows, financial condition and results of operations.

### **Governmental Regulation**

Genesis must comply with extensive and complex regulations affecting the land development and home building process. These regulations impose additional costs and delays, which may adversely affect the Corporation's business and results of operations. In particular, Genesis is required to obtain the approval of numerous governmental authorities regulating matters such as permitted land uses, levels of density, the installation of utility services, zoning and building standards. These regulations often provide broad discretion to the administering governmental authorities as to the conditions a development project must meet before being approved. Delays in the receipt of regulatory approvals could impact the timing and implementation of the Corporation's project development plans.

In addition, new development projects may be subject to various assessments and land dedications for schools, parks, streets and highways and other public improvements, the costs of which can be substantial. When made, these assessments can have a negative impact on the Corporation's sales by raising the price that homebuyers must pay for their homes or reducing profitability. Genesis must also comply with a variety of local, provincial and federal laws and regulations concerning the protection of health, safety and the environment, including with respect to workplace safety and hazardous or toxic substances. These laws may result in delays, additional costs, or restrictions on land development and home building activity in environmentally sensitive regions or areas.

### **Industry Risk**

Real estate investments are subject to varying degrees of risk, depending on the nature of the property. These risks include (i) changes in general economic conditions, (ii) changes in local conditions (such as an oversupply of land or serviced lots or a reduction in demand for real estate in the area), (iii) changes in government and environmental regulations (such as new or revised zoning or building codes) and (iv) competition from other developers or builders. Real estate assets are relatively illiquid, particularly in depressed markets. Such illiquidity limits the Corporation's ability to rebalance its portfolio promptly in response to changing economic or investment conditions. If other developers and landowners experience financial difficulties, this may trigger distressed sales which may depress real estate values in the markets in which the Corporation operates.

### **Interest Risk**

Where possible, Genesis structures its debt so as to stagger the maturity dates of its loan facilities to reduce exposure to short-term fluctuations in interest rates. There is a possibility that the Corporation would experience a loss as a result of increases in interest rates or if the Corporation is unable to renew a maturing debt either with the existing lender or with a new lender on similar terms. Management has historically been successful in obtaining refinancing on maturing debt where it has sought it. Should Genesis experience a loss due to this risk, the future development activities of the Corporation could be impacted.

### **Litigation Risk**

All industries are subject to legal claims, with or without merit. The Corporation may be involved from time to time in various legal proceedings which may include potential liability from its operating activities and, as a public company, possibly from violations of securities laws or breach of fiduciary duty by its directors or officers. Defense and settlement costs can be substantial, even with respect to legal claims that have no merit. Due to the inherent uncertainty associated with litigation, the resolution of any particular legal proceeding could have a material effect on the financial position and results of operations of the Corporation.

### **Management Risk**

The Corporation's success is largely dependent on the quality of management and personnel. Loss of such personnel, a reduced availability of labor, or the inability to attract personnel of equivalent ability could materially affect the operations and prospects of the Corporation.

## **Mortgage Rates and Financing**

Virtually all of the Corporation's home buyers finance their purchases through lenders providing mortgage financing. Increases in mortgage rates or decreases in the availability of mortgage financing could depress the market for new home sales because of the increased monthly mortgage costs or availability of financing to potential homebuyers. Even if potential customers do not need financing, changes in mortgage interest rates and mortgage availability could make it harder for them to sell their current homes to potential buyers who need financing, which would result in reduced demand for new homes. As a result, rising mortgage rates and reduced mortgage availability could adversely affect the Corporation's ability to sell new homes and the price at which Genesis can sell them.

## **Seasonality**

Seasonality affects the land development and home building industry in Canada. Winter weather conditions limit both land servicing and building construction work. Revenues are also impacted by the timing of lot sales, which are less weather dependent.

## **Supply and Demand**

The Corporation's performance could be affected by the supply and demand for land, housing and commercial properties in its geographic areas of ownership. Key drivers of demand include employment levels, population growth, demographic trends and consumer confidence. The potential for reduced sales revenue exists if demand diminishes, or supply becomes over abundant, thereby driving down prices for the Corporation's properties or impacting the availability of land for purchase. There can be no assurance that Genesis will be able to acquire additional properties or do so on favourable terms.

## **Uninsured Losses**

Genesis carries comprehensive insurance with policy specifications, limits, and deductibles customarily carried for similar companies. There are, however, certain types of risks that are either uninsurable or not economically insurable, such as those of a catastrophic nature. Such uninsured losses could materially affect the Corporation's ability to continue operations or complete specific project development.

## **MITIGATION OF RISKS**

Genesis mitigates risks by regularly undertaking strategic and operational planning reviews of its current and future land development and home building projects and having an experienced management team and third-party consultants. In addition, Genesis regularly monitors market conditions that may adversely affect projects that are already underway and find means to increase efficiencies, reduce the capital invested in work in progress to reduce the risk of the business, and expand the product mix to include lower priced homes. Genesis secures commitments for the supply of materials and labor, depending on market conditions, when it deems it beneficial.

Prior to commencing projects relating to the construction of homes, Genesis obtains pre-sales of homes where possible, and ensures that it is able to meet all regulatory requirements to obtain necessary permits and build homes in a timely and orderly manner. With respect to development of lands, Genesis secures adequate financing and endeavors to match the term of financing with the expected revenues of the underlying land asset before commencing development work and ensures that debt covenants imposed by the lender are reasonable and can be met. Genesis establishes and maintains good business relationships with several lenders to provide a range of choice of financing terms and conditions offered by various lenders.

For lot sales to third-parties, Genesis conducts assessments on their creditworthiness, collects non-refundable deposits at the time the contract for the purchase and sale of the lots is entered into and transfers title to the lots only upon full payment of the purchase price.

**CORPORATE CEASE TRADE ORDERS OR BANKRUPTCIES**

Other than as set forth below, to the best of Genesis's knowledge, no director or executive officer is, or within the ten years prior to the date hereof has been, a director, chief executive officer or chief financial officer of any corporation (including the Corporation) that: (a) while that person was acting in that capacity, was subject to a cease trade or similar order or an order that denied such corporation access to any exemptions under securities legislation, that was in effect for a period of more than 30 consecutive days; or (b) was subject to a cease trade or similar order or an order that denied such corporation access to any exemptions under securities legislation, that was in effect for a period of more than 30 consecutive days that was issued after that person ceased to act in such capacity and which resulted from an event that occurred while that person was acting in such capacity.

Loudon Owen served as a director of Hanfeng Evergreen Inc. ("Hanfeng") until February 24, 2014. On February 19, 2014, a temporary cease trade order was issued by the Ontario Securities Commission against Hanfeng for failure to file interim financial statements for the six-month period ended December 31, 2013; management's discussion and analysis relating to the interim financial statements for the six-month period ended December 31, 2013; and certification of the foregoing filings as required by National Instrument 52-109 - *Certification of Disclosure in Issuers' Annual and Interim Filings*. The temporary cease trade order was replaced by a permanent cease trade order dated March 3, 2014. The securities commissions of each of Quebec and British Columbia also issued permanent cease trade orders against Hanfeng for the same deficiency.

**ANNUAL INFORMATION FORM**  
**For the Year Ended December 31, 2019**

**Bankruptcies**

To the best of Genesis' knowledge, other than as set forth below, none of the directors or executive officers of the Corporation, or shareholder holding a sufficient number of securities of the Corporation to affect materially the control of Genesis Corporation: (a) is, as at the date of this AIF, or has been within the past 10 years, a director or executive officer of any corporation (including the Corporation) that while the person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or (b) has, within the past 10 years before the date of this AIF become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

Mr. Glover was the Vice President, Finance and Chief Financial Officer of Western Plains Petroleum ("Western Plains") until his resignation on February 19, 2014. Western Plains was deemed bankrupt on February 22, 2014, for failure to file a proposal and was discharged on October 22, 2015.

Mr. Owen ceased being a director of the Fight Network Inc. in October 2010, at which time the company filed for bankruptcy proceedings under the Bankruptcy Act.

**Penalties or Sanctions**

To the best of Genesis' knowledge, no director or executive officer of the Corporation, or shareholder holding a sufficient number of securities of the Corporation to materially affect control of Genesis, has been subject to (i) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or (ii) any other penalties or sanctions imposed by a court or regulatory body that would be likely to be considered important to a reasonable investor making an investment decision.

**CONFLICTS OF INTEREST**

There are potential conflicts of interest to which the directors and officers of the Corporation may be subject in connection with the operations of the Corporation. Some of the directors and officers of the Corporation are directors and/or officers of other private and public companies and are engaged and will continue to be engaged in other business opportunities on their own behalf and on behalf of other corporations. Situations may arise where such directors and officers will be in competition with the Corporation because of business transactions or banking relationships. Any such conflicts shall be resolved in accordance with the procedures and requirements of the relevant provisions of the ABCA, including the duty of such directors to act honestly and in good faith with a view to the best interests and internal policies of the Corporation. The lead director position was created in 2015 to help the Board address conflicts of interest should they arise.

**LEGAL PROCEEDINGS AND REGULATORY ACTIONS**

Two former employees filed a statement of claim against the Corporation and a director on May 27, 2016 alleging wrongful termination of their employment and seeking damages, legal costs and other relief arising out of the termination of their employment contracts with the Corporation. The aggregate amount of the claim was approximately \$1.6 million, and the Corporation recorded this amount as a provision as at December 31, 2017. In 2017, the former employees brought a motion before a Master in Chambers of the Court of Queen's Bench of Alberta for summary judgment asking for awards of liquidated damages, being the amount of their severance entitlements set out in their employment contracts. On April 24, 2017, the Master granted the former employees' application for summary judgment. The Corporation filed a Notice of Appeal on April 28, 2017, which was heard in August 2018 and judgement was reserved. On February 25, 2019, the Court granted the Corporation's appeal, directing that the claims of the former employees go to trial. The former employees appealed, and the Court of Appeal dismissed the appeal, confirming that their claims must be determined by trial.

In early 2019 the two former employees amended their claim to add claims in the amount of \$1.1 million plus costs and interest in connection with a disputed purported exercise of stock options.

## **ANNUAL INFORMATION FORM**

### **For the Year Ended December 31, 2019**

The expected next steps in the former employees' law suit is documentary and oral discovery. A trial is not likely to be scheduled until at least 2021.

The Corporation's view is that this action is without merit and is actively contesting it. As at December 31, 2019 the total recorded provision remains at \$1.6 million.

On September 22, 2017, Limited Partnership Land Pool ("LPLP 2007"), Genesis as manager, the general partner, two limited partners, two affiliated limited partnerships and various third-parties were named as co-defendants in a statement of claim initiated in the Province of Alberta by a limited partner of LP RRSP Limited Partnership #1, a limited partner of LP RRSP Limited Partnership #2 and a limited partner of LPLP 2007. The statement of claim seeks to be certified as a class action and is seeking pecuniary and non-pecuniary damages of \$60.0 million, including general and special damages. The Corporation's view is that this claim is completely without merit and, on its behalf and on behalf of LPLP 2007, is actively contesting both the certification proceeding and the claim itself. Any potential liability to the Corporation and/or the Partnership is currently indeterminate.

To the knowledge of the Corporation, there were no: (i) penalties or sanctions imposed against Genesis by a court relating to securities legislation or by a securities regulatory authority during the Corporation's last financial year, (ii) penalties or sanctions imposed by a court or regulatory body against the Corporation that would likely be considered important to a reasonable investor in making an investment decision; or (iii) settlement agreements the Corporation entered into before a court relating to securities legislation or with a securities regulatory authority during the last financial year.

## **AUDIT COMMITTEE**

Under NI 52-110, the Corporation is required to include in its AIF the disclosure required under Form 52-110F1 with respect to its audit committee, including the text of its audit committee charter, the composition of the audit committee and the fees paid to the external auditor. This information is provided in Appendix "A".

## **INTEREST OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS**

The Management of the Corporation is not aware of any material interest, direct or indirect, of any of the following persons or companies in any transaction within the three most recently completed financial years or during the current financial year that has materially affected or is reasonably expected to materially affect Genesis or a subsidiary of Genesis: (a) a director or executive officer of Genesis; (b) a person or company that beneficially owns, or controls or directs, directly or indirectly, more than 10 percent of the issued and outstanding Common Shares; and (c) an associate or affiliate of any of the persons or companies referred to (a) or (b).

## **TRANSFER AGENT AND REGISTRAR**

The transfer agent and registrar for the Common Shares is Computershare Trust Company of Canada. Its principal offices are in Calgary, Alberta at 600, 530 – 8th Avenue S.W., Calgary, Alberta, T2P 3S8 and Toronto, Ontario at 100 University Avenue, 9th Floor Toronto, Ontario M5J 2Y1.

## **MATERIAL CONTRACTS**

Except for contracts entered into in the ordinary course of business, Genesis has not entered into any material contracts within the most recently completed financial year, or before the most recently completed financial year, that are still in effect.

## **INTEREST OF EXPERTS**

There is no person or company who is named as having prepared or certified a report, valuation, statement or opinion described or included in a filing, or referred to in a filing, made under NI 51-102 by Genesis during, or relating to the Corporation's most recently completed financial year, and whose profession or business gives authority to the report, valuation, statement or opinion made by the person or company, other than MNP LLP, the independent auditor of Genesis.

## **ANNUAL INFORMATION FORM**

### **For the Year Ended December 31, 2019**

MNP LLP, Chartered Professional Accountants, the external auditor of Genesis, prepared an opinion with respect to the consolidated financial statements as at and for the fiscal years ended December 31, 2019, and 2018. MNP LLP is independent in accordance with the Rules of Professional Conduct as outlined by the Chartered Professional Accountants of Alberta.

As of the date hereof, the principals, directors, officers and associates of MNP LLP, as a group, own, directly or indirectly, less than one per cent of the outstanding Common Shares of the Corporation.

## **ADDITIONAL INFORMATION**

Additional information including directors' and officers' remuneration and indebtedness, principal holders of the Corporation's securities, options to purchase securities and securities authorized for issuance under equity compensation plans, is contained in the Management Information Circular prepared in connection with the Corporation's most recent annual meeting of Shareholders that involved the election of directors. Additional financial information is provided in the Corporation's comparative financial statements and management's discussion and analysis for the year ended December 31, 2019. Copies of these and other documents relating to Genesis may be found on SEDAR at [www.sedar.com](http://www.sedar.com) and the Corporation's website at [www.genesisland.com](http://www.genesisland.com).

## APPENDIX "A"

### INFORMATION CONCERNING AUDIT COMMITTEE

#### Audit Committee Mandate

The Committee's primary function is to meet the regulatory responsibilities prescribed for an Audit Committee and to assist the Board in fulfilling its oversight responsibilities with respect to financial reporting and audit matters. The regulatory responsibilities include:

- a) Providing oversight of the accounting, financial reporting, internal audit and financial risk management functions, and procedures, practices and policies of the Corporation related thereto;
- b) Reviewing and recommending to the Board for acceptance, prior to their public release, all material financial information required to be disclosed by the Corporation;
- c) Overseeing the Disclosure Controls and Policies and the Internal Controls Over Financial Reporting (including relevant IT systems), accounting and financial reporting systems and internal controls;
- d) Overseeing and supervising the work of internal audit; and
- e) Overseeing the appointment and the ongoing relationship with the external auditor to the Corporation.

#### External Auditors:

The Audit Committee will:

- a) Ensure the external auditor reports directly to the Audit Committee;
- b) Recommend to the Board the external auditor to be nominated;
- c) Review and approve the external auditor's compensation and pre approve all audit and non-audit services;
- d) Evaluate the external auditor's qualifications, performance and independence;
- e) Delegate, as considered appropriate authority to pre-approve any engagements for non-audit services to the Chair of the Audit Committee or any member of the Audit Committee, in which case the pre-approval is reported to the next meeting of the Audit Committee;
- f) Oversee the work of the external auditor engaged for the purpose of preparing or issuing an auditor's report or performing other audit, review or attest services, including meeting regularly with the external auditor in camera;
- g) Review with the external auditor:
  - i. Proposed changes in accounting policies;
  - ii. New accounting standards likely to have an impact on the Corporation;
  - iii. The presentation and impact of significant risks and uncertainties; and
  - iv. Key estimates and judgments that may be material to financial reporting
- h) Ensure that the external auditor is answerable to the Committee, as representatives of the shareholders and monitor the rotation of partners on the audit engagement team in accordance with applicable regulations;
- i) Meet with the external auditor prior to the audit to review and approve the annual audit plan.
- j) Review significant changes to the audit plan, if any, and any disputes or difficulties with management encountered during the audit, including any disagreements which, if not resolved, would have caused the external auditor to issue a non-standard report on the Corporation's financial statements;
- k) Monitor the level of co-operation received by the external auditor during its audit including access to all requested records, data, explanations and information;

- l) Review with the internal and external auditors the degree of coordination between the two audit groups to determine the efficiency, effectiveness and completeness of the audit programs and the appropriate reliance on internal controls and systems;
- m) Review control weaknesses identified by the external auditor, any significant communications to and from regulators, and any incidents of fraud, misstatement or similar incidents and management's response;
- n) Review with the external auditor its view of the qualifications and performance of the key financial and accounting executives; and
- o) Review and approve the Corporation's hiring policies regarding partners, employees and former partners and employees of the present and former external auditor of the Corporation in compliance with the requirements set out in section 2.3 (8) of NI 52-110.

**Financial Statements, Management Discussion and Analysis and All External Reporting or Disclosure of Financial Statements or Information (Prior To Public Disclosure):**

The Audit Committee will:

- a) Review annual or quarterly financial statements, including the specific items noted below and develop a recommendation to the Board of Directors regarding the filing of the financial statements:
  - i. financial statements and management discussion and analysis of financial condition and results of operations;
  - ii. significant accounting judgments and reporting principles, practices and procedures applied in preparing the financial statements, including newly adopted accounting policies and the reasons for their adoption;
  - iii. related party transactions, particularly those with current or former directors or officers;
  - iv. officer certifications and any sub-certifications that noted matters of significance;
  - v. issues of its choosing with the external auditor, management and corporate counsel including but not limited to potential claims, assessments, contingent liabilities, and legal and regulatory matters that may have a material impact on the financial statements of the Corporation; and
  - vi. results of any audit or independent review of the financial statements or internal controls over financial reporting.
- b) Review the financial component of the following documents prior to public release:
  - i. prospectuses, take-over bid circular, issuer bid circular, rights offering circular, offering memoranda and other fundraising activities of the Corporation prior to their filing;
  - ii. relevant sections of the annual report (if applicable), annual information form and management information circular containing financial information;
  - iii. forecasted financial information and forward looking statements; and
  - iv. press releases and other documents in which financial statements, earnings forecasts, results of operations or other financial information is disclosed.

**Accounting Systems, Disclosure Controls and Procedures, Internal Controls and Related Systems and Procedures:**

The Audit Committee will:

- a) Oversee the management and operations of the finance group to ensure the integrity of accounting and financial reporting and the underlying systems;
- b) Review the process for selection and performance evaluation of the CFO and other key members of the finance group in consultation with the CEO and CFO, establish roles and objectives and make recommendations as appropriate to the CEO, CFO and/or the Board of Directors;
- c) Review whether the disclosure controls and policies and the internal controls over financial reporting (including relevant IT systems), as those terms are defined in NI 52-109 Certification of Disclosure in Issuers' Annual and

- Interim Filings, provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with the Corporation's accounting policies and IFRS.;
- d) Review the Corporation's system for certifications and sub-certifications related to quarterly and annual reporting;
  - e) Oversee the Corporation's processes for independent appraisal of real estate property, including the selection and engagement of the independent appraiser, and any public disclosure of the results of the appraisal;
  - f) Review and approve the Corporation's policies regarding officer and director expense policy and transactions with the Corporation, and may review the expense claims of any officer or director;
  - g) Oversee the Corporation's risk management policies and systems related to major financial risks, including litigation matters and cyber security;
  - h) Oversee the Corporation's tax policies and systems related to tax planning, payments, reporting, audits and assessments;
  - i) As considered appropriate, direct the external auditor's examinations to particular issues;
  - j) Meet separately with Executive Management or Finance personnel as deemed appropriate;
  - k) Independently or together with the Board, investigate any identified fraud, illegal acts and conflicts of interest; and
  - l) Oversee the procedures for the confidential anonymous submission by employees of the Corporation of concerns or complaints regarding questionable accounting, internal accounting controls or auditing matters as set forth in the Corporation's Whistleblower Policy, including procedures for the retention (for at least 7 years) of copies of complaints or concerns expressed and evidence of investigations.

**Internal Audit:**

The Audit Committee will:

- a) Maintain direct communications and discuss and review specific issues, as appropriate, with the Internal Auditor;
- b) Review the audit plans of the Internal Auditor and the coordination with the external auditor;
- c) Review the quarterly certification and sub-certification process and the internal audit role with respect to the process;
- d) Review the significant findings of the internal audit programs or the sub-certification process, together with management's response thereto;
- e) As considered appropriate, direct the Internal Auditor's examinations to particular issues;
- f) Review the adequacy of the resources of the Internal Auditor and the objectivity and independence of the internal audit function; and
- g) Meet separately with the Internal Auditor as deemed appropriate.
